

Bethel, Alaska Scenery for FS9

by: Scenery4FlightSims.com

This is fictional scenery for Bethel, Alaska (PABE), designed for FS9. I created this scenery to "dress up" the area, which was pretty bare and outdated.

Here is what to look for in this scenery package:

- > Added runway 1R-19L and rename runway 1L-19R.
- > Added connecting taxiways between runways 1L and 1R.
- > Extended the North Apron and added several hangars and buildings and additional aircraft parking.
- > Extended the South Apron and added rows of hangars and several static aircraft.
- > Added the Alaska Air National Guard ramp and hangar and added a couple of C-130 static aircraft.
- > Added ramp lighting for night operations.
