

Deadhorse, Prudhoe Bay, Alaska Scenery for FS9

by: Scenery4Flightsims.com

This is fictional scenery for Deadhorse, Alaska (PASC), designed for FS9. I created this scenery to "dress up" the area and update the airport.

Here is what to look for in this scenery package:

- > Changed the runway designation from 4-22 to 5-23 based on current charts.
- > Added additional parking spaces.
- > Removed stock buildings and replaced with buildings that look more appropriate for area.
- > Added a couple of incomplete or missing roads.
- > Added ramp lighting for night operations.
- > Added cargo ramp.
