Skagway, Alaska Scenery for FSX
by: Scenery4FlightSims.com

This is fictional scenery for Skagway, Alaska (PAGY), designed for FSX. I created this scenery to "dress up" the area, which was pretty bare and outdated.

Here is what to look for in this scenery package:

> Expanded parking ramp and added parking spots.
> Removed default terminal and added a terminal building that seems more appropriate for this scenery.
> Added float plane dock & floatplanes.
> Added additional ramp area (per aerial photo) with parking spots.
> Modified the shoreline to accomodate the cruise ship dock.
> Added night lighting to the ramp area.
> Added a cruise ship terminal building.
