

Wasilla, Alaska Scenery for FSX

by: Scenery4FlightSims.com

This is fictional scenery for Wasilla, Alaska (PAWS), designed for FSX. I created this scenery to "dress up" the area, which was pretty bare and outdated.

Here is what to look for in this scenery package:

- > Expanded the parking ramp and added more parking.
- > Removed most of the default buildings and added buildings that seems more appropriate for this scenery.
- > Added night lighting to the ramp area.
- > Added landclass scenery to create city of Wasilla.
- > Added runway markings.
