

Willow, Alaska Scenery for FSX

by: Scenery4FlightSims.com

Here is what to look for in this scenery package:

- > Additional parking spots.
- > Removed default buildings and added buildings that seems more appropriate for this scenery.
- > Added night lighting to the ramp area.
- > Added landclass town to represent the town of Willow which was omitted in default scenery.
- > Added missing GPS approaches for runways 13 and 31 along with waypoints which were never included in default scenery.
- > Added a dirt taxiway (does not exist at real airport).
- > Added taxiway signs at runway/taxiway intersections.
